

The murderer has been caught!

Here's where every  
everyone was.

## SOLUTION PAGE

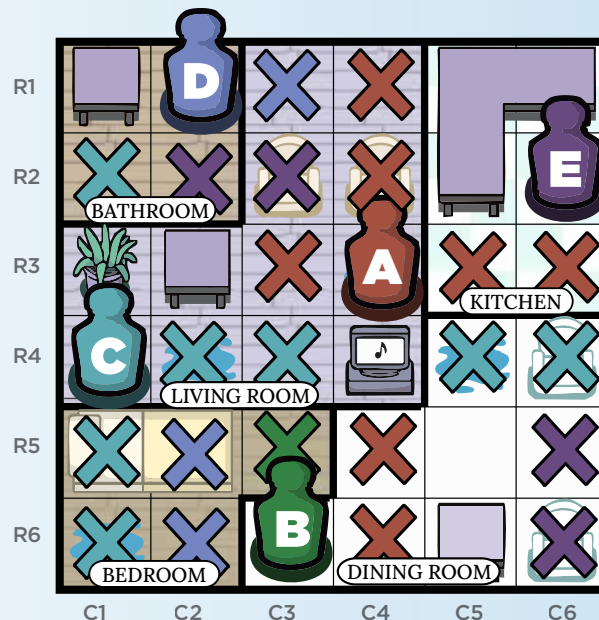

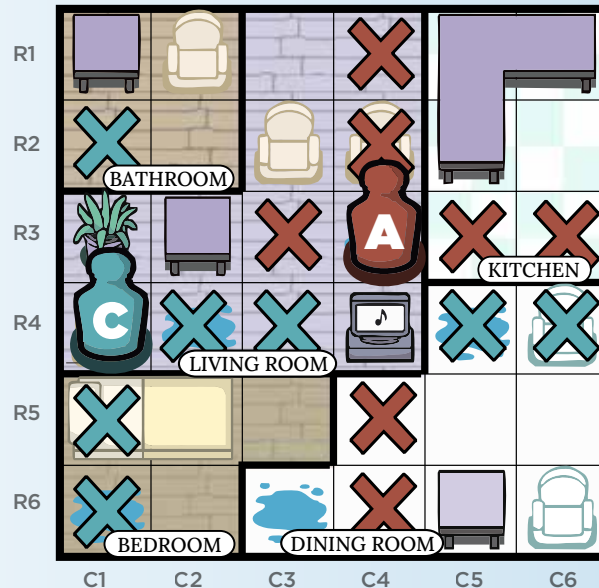

1. There is only one square where C can be beside a plant. This isolates C. Block her entire row and column.

2. A cannot be in R6, as B already occupied that row. This isolates A on the last paint puddle.

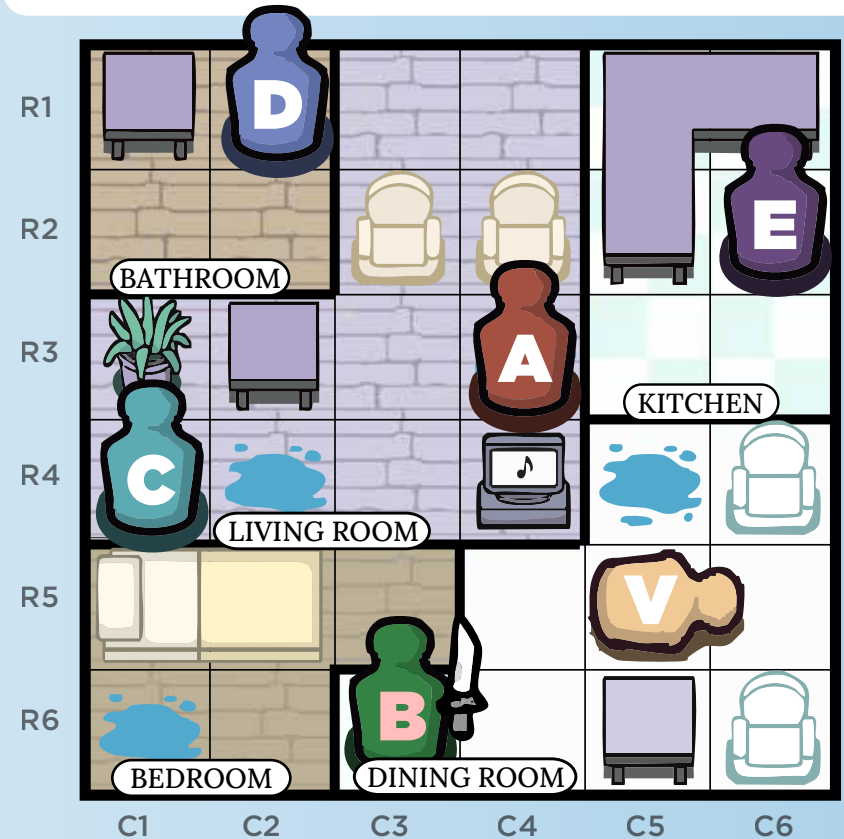

3. This isolates E in the Kitchen.

4. This isolates D in the last chair.

5. This isolates B in the last R6 square.

6. This isolates V in the last remaining square. He was alone with B in the Dining Room. Bruce is the murderer!

The murderer is...  
*Bruce*
